**EXHIBIT 29.** (continued)

**Notes:** MLTSS is managed long-term services and supports. BHO is behavioral health organization. PIHP is prepaid inpatient health plan. PAHP is prepaid ambulatory health plan. PCCM is primary care case management. Excludes the territories. This exhibit includes Medicaid-expansion CHIP enrollees. Medicaid beneficiaries may be enrolled concurrently in more than one type of managed care program (e.g., a comprehensive plan and a BHO), so the sum of enrollment in each program type as a percentage of total Medicaid enrollment may be greater than 100 percent.

– Dash indicates zero. 0.0% indicates an amount less than 0.05% that rounds to zero.

<sup>1</sup> Includes comprehensive managed care and Programs of All-Inclusive Care for the Elderly (PACE). Comprehensive managed care organizations (MCOs) cover acute, primary, and specialty medical care services; they may also cover behavioral health, long-term services and supports, and other benefits in some states.

<sup>2</sup> Alaska's total Medicaid enrollment as of July 1, 2019, was taken from the Medicaid Budget and Expenditure System, accessed June 16, 2021. See <https://data.medicaid.gov/dataset/6165f45b-ca93-5bb5-9d06-db29c692a360>.

<sup>3</sup> Colorado reported plan level enrollment as 0 for plans that had fewer than 30 beneficiaries. As a result, reported Medicaid enrollment in comprehensive managed care may be lower than actual enrollment.

<sup>4</sup> Connecticut's total Medicaid enrollment as of July 1, 2019, was taken from the Medicaid Budget and Expenditure System, accessed June 16, 2021. See <https://data.medicaid.gov/dataset/6165f45b-ca93-5bb5-9d06-db29c692a360>.

<sup>5</sup> Georgia did not monitor non-emergency medical transportation program enrollment in 2019, so total enrollment in transportation programs is reported here as zero.

<sup>6</sup> Some plans that appear to be limited-benefit plans (dental, BHO, or other managed care) were classified as comprehensive managed care in the CMS report. The values shown here use plan-level information in the CMS report to recategorize enrollment in Ohana Community Care Service as BHO.

<sup>7</sup> Michigan has two programs that provide home and community-based service waiver services under capitation: MI Choice and the Specialty Prepaid Inpatient Health Plan (SPIHP). MI Choice is reported as an MLTSS program, and SPIHP is reported as a BHO.

<sup>8</sup> Some plans that appear to be limited-benefit plans (dental, BHO, or other managed care) were classified as comprehensive managed care in the CMS report. The values shown here use plan-level information in the CMS report to recategorize enrollment in Access Dental Plan, Advantage Dental Services, Capitol Dental Care, CareOregon Dental, Family Dental Care, Managed Dental Care of Oregon, and ODS Community Health as dental and enrollment in Greater Oregon Behavioral Health as BHO.

<sup>9</sup> Some plans that appear to be limited-benefit plans (dental, BHO, or other managed care) were classified as comprehensive managed care in the CMS report. The values shown here use plan-level information in the CMS report to recategorize enrollment in DentaQuest as dental and enrollment in Magellan Health Services as other.

<sup>10</sup> The Department of Vermont Health Access, a state agency, acts as Vermont's single MCO entity.
