Wyoming ²	83,379	—	—	—	—	—	—	—	—

EXHIBIT 29. (continued)

Notes: MLTSS is managed long-term services and supports. BHO is behavioral health organization. PIHP is prepaid inpatient health plan. PAHP is prepaid ambulatory health plan. PCCM is primary care case management. Excludes the territories. This exhibit includes Medicaid-expansion CHIP enrollees. Medicaid beneficiaries may be enrolled concurrently in more than one type of managed care program (e.g., a comprehensive plan and a BHO), so the sum of enrollment in each program type as a percentage of total Medicaid enrollment may be greater than 100 percent.

¹Values have not been updated from those published in the December 2024 data book due to a delay in the release of Medicaid managed care enrollment data.

– Dash indicates zero. 0.0% indicates an amount less than 0.05% that rounds to zero.

¹ Includes comprehensive managed care and Programs of All-Inclusive Care for the Elderly. Comprehensive managed care organizations (MCOs) cover acute, primary, and specialty medical care services; they may also cover behavioral health, long-term services and supports, and other benefits in some states.

² Alaska, Connecticut, and Wyoming's total Medicaid enrollment as of July 1, 2022, was taken from the July through September 2022 enrollment data collected through the Medicaid Budget and Expenditure System, accessed April 18, 2024.

³ Some plans that appear to be limited-benefit plans (dental, BHO, or other managed care) were classified as comprehensive managed care in the Centers for Medicare & Medicaid Services (CMS) report. The values shown here use plan-level information in the CMS report to recategorize enrollment in Advantage Dental Services, Capitol Dental Care, Family Dental Care, Managed Dental Care of Oregon, and ODS Community Health as dental.

⁴ Some plans that appear to be limited-benefit plans (dental, BHO, or other managed care) were classified as comprehensive managed care in the CMS report. The values shown here use plan-level information in the CMS report to recategorize enrollment in DentaQuest as dental and enrollment in OptumRx as other.

⁵ The Department of Vermont Health Access, a state agency, acts as Vermont's single MCO entity.
